 Require Attention

You should not neglect even the slightest indication of failing vision. If your eyes tire easily, if they ache, smart or water, if you have pain in the eyeball, or in temples or forehead, these are all indications of failing vision. If you neglect these indications, you are inviting trouble. Consult our Registered Optometrist at once, who has had many years of valuable experience and invariably gives satisfaction. Have him thoroughly and scientifically examine your eyes. If glasses will not correct the imperfection he will tell you so.

**MANY PEOPLE LOOK**  
 AT THE FIRE RUINS

Uncertainty as to the future of the Property—Fire Persists in Burning.

The owners and some of the occupants of the Lucas block and the adjacent stable are waiting for the action of the insurance companies before they determine just what they will do. The future of the property is uncertain, many of the occupants having taken temporary quarters elsewhere, and as a fire terminates a lease, it is not known how many will return. The insurance adjusters are expected here today to get busy on their work and there are several lines where the loss is total, so that but little time need be spent on them.

Nothing is being howling all day, though it is stated that pieces of the hard maple flooring of the alley can be seen in the debris, charred but not consumed. The laundry equipment is a total wreck, all being destroyed except what may be in the small office. In the grocery the insurance companies allowed Mr. Smith to take out his scales, ice box and necessary equipment, but the temporary store and on Sunday an inventory of the goods in the store was being made.

The hardware store had recently been extended to take in one of the small stores on Little Water street and this was completely destroyed.

Saturday morning the firemen were called to the fire twice because of the fire breaking out anew and blazing up in a threatening manner. It continued to smolder during the day and also on Sunday, there was a persistent fire about it as if it was desired to burn every piece of wood in the ruins.

On Saturday and Sunday there was a steady fire about the ruins, about the ruins, looking over the burned buildings.

J. C. Stone will not know until after the insurance adjustment whether he will start another alley here, or know just what they will do in the way of rebuilding. The Troy laundry has not been determined on a decision but will probably soon vacate offices on being taken by the lawyers and other occupants.

**OBITUARY.**  
 Mrs. Solomon Machol.

A telegram was received here Sunday by Casper Grant, advising him of the death in Brooklyn, N. Y., on Sunday, May 21, of Mrs. Minnie Machol, wife of Solomon Machol. **MISSING MAN WAS DROWNED**  
 Body of John Tapor Found Floating in Pachaug Pond—Had Started for Relative's Home in Boat Last Tuesday Night.

The body of John Tapor, a Polish millhand, who had been missing from his home in Glasgow since early last Tuesday evening, was found floating in Pachaug pond about 4:30 o'clock Sunday morning by three of his countrymen—Joseph and Felix Dutka and Carol Shymkovich—who said none out in a boat on the pond to look for the missing man. The body was resting against a stump near Keigwin's island and was in a good state of preservation.

The three men notified Oscar Dugan, one of the selectmen, and the body was brought ashore. Medical Examiner Dr. C. H. Jennings of Jewett City also notified, going out to the pond during the morning, and after an investigation, the men reported that the body was drowned. He gave permission for its burial, and the funeral was held Sunday afternoon in Glasgow, burial being in St. Thomas church.

Since the disappearance of Tapor, after he started out alone last Tuesday evening in his boat to cross the pond to the house of his brother-in-law, there has been considerable diversity of opinion in the village as to what might have happened to him. As he was known to have been intoxicated at the time, and his empty boat was found the next morning with one oar, many thought that he had fallen overboard and been drowned, as subsequently proved. There were divers who knew of former disappearances when he had been gone several days and were inclined to believe that he might have gone away again. When he had not returned by Saturday it was decided to make a search of the pond, and there were four or five boats out Saturday afternoon, using grappling irons and rowing over a considerable area. No signs of the missing man were found. It is believed the boat was blown overboard during the night, since the searchers on Saturday were in the neighborhood where the body was found Sunday.

The drowned man was about 40 years old. He leaves a wife and two children.

Medical Examiner Jennings reported the case to Coroner Franklin H. Brown on Sunday.

**BROUGHT FROM VIRGINIA**

ON EMBEZZLEMENT CHARGE.

Rev. W. H. McLean Came Without Requisition Papers—Money Belonged to New England Sick Benefit Association.

Arrested at Newport News, Va., where he has been located as pastor since leaving this city some time ago, and where he had built a new residence, Rev. W. H. McLean was held for Chief Murphy until Sergeant Twomey arrived to bring him to this city. He came without requisition papers and says that he will be able to clear himself of any charge of wrongdoing.

It is claimed that he received \$75 for the New England Sick Benefit association of Norwich, to be used in connection with the association's work, but he diverted it to his own use. Bonds were fixed at \$500, which he could not secure, and he spent Saturday night, Sunday and Sunday night in a room at police station. He has been away from here seven months.

He was visited Sunday by a number of his former congregation in this city, having been pastor of the Grace Memorial Baptist church for four years. The charge against him has nothing to do with the church, where his accounts were square.

The drowned man was about 40 years old. He leaves a wife and two children.

Medical Examiner Jennings reported the case to Coroner Franklin H. Brown on Sunday.
